CDF Guidelines for a Gluten-Free Lifestyle, 4th Edition Revised — a printed detailed and information handbook for living gluten-free which includes: a disease synopsis, nutritional guideline, list of allowed additives and questionable ingredients, as well as sample gluten-free menus.

CDF Insight — a print subscription to America's leading celiac disease and non-celiac gluten sensitivity news magazine. Four times each year, CDF Insight provides the best information on research, treatment and practical tips for day-to-day coping. And because CDF Insight is exclusive to CDF members, this quarterly subscription is reason enough to join CDF!

CDF In Brief — a digital subscription to breaking news in the celiac and non-celiac gluten sensitivity world. Monthly, CDF In Brief informs you of the latest happenings in advocacy, research, and gluten-free awareness events. Use this to keep your calendar up to date and to be in-the-know about what matters to you most!

Support and Information — get information about local CDF activities and programs through CDF Chapter and Connection groups, and updates on the Foundation’s efforts to work with government officials to make diagnosing celiac disease and non-celiac gluten sensitivity a national priority!

Research News — get the latest information on new treatments, new technology, and more.

Education Conference and Gluten-Free Expo Advance Notice and Discounts — members receive advance notice of and discounts to CDF-sponsored events including education conferences, Gluten-Free Expos, and partner events.

CDF Online Gluten-Free Resource Directory — updated daily, this guide is the best resource there is for consumers of gluten-free products and services. CDF helps you find what is most important to you, from food products to medical centers, and everything in between.

New Product Updates — receive email updates on new products from CDF sponsors with discount coupons and give-away opportunities! CDF's Information Hotline — a number to call and an email address, when you have questions or problems concerning celiac disease or the gluten-free lifestyle.
